Educational Philosophy and Objectives

The fundamental purpose of Community High School District 117 is to provide educational experiences that will enable all students to develop their talents, capabilities, and interests so that they will assume a responsible role in our democratic society. In District 117, Lake County, Illinois, education is available for all, regardless of sex, color, creed, political persuasion, social status, economic environment, mental, physical, or emotional handicaps.

A comprehensive instructional program is the method used to accomplish these goals. The curriculum shall be designed to provide opportunities for all students to pursue their individual interests while accomplishing the national, state, and local mandates.

Under the auspices of the Board of Education and the Superintendent, with the Principal as the educational leader of the school, the administration, the teaching staff, guidance personnel, and support staff will work cooperatively to accomplish the educational objectives while providing the role model which fulfills the community's expectations. Evaluation of the programs, staff, and facilities will be made in terms of their effective contribution to the overall instructional program.

To achieve this purpose, Community High School District 117 has established the following goals:

1. Provide an environment conducive to learning which maximizes the potential of each student regardless of ability.
2. Transmit an understanding and appreciation of our unique American heritage and culture.
3. Assist students in making a smooth transition from student concerns to adult responsibilities including preparation for career and lifestyle choices.
4. Foster an ongoing desire for learning.

To accomplish these goals the Board of Education recognizes the following common educational objectives:

1. To promote the proper use and understanding, of the English language, including reading, writing, speaking and listening.
2. To develop the skills necessary to grasp the mathematical processes and concepts required to be capable of functioning in our technically oriented society.
3. To preserve and promote our American heritage of democratic freedoms and instill an appreciation of the rights, privileges, and responsibilities of citizenship while understanding and respecting other peoples and their cultures.
4. To teach students to function as individuals in a pluralistic society with ethical values and principles and to live and work cooperatively with others in familial and external relationships.
5. To develop an understanding of the nature of science and its processes as they impact on individuals, the world, and the environment.
6. To create an awareness of normal adolescent physical development and to teach the means of maintaining good health through exercise, nutrition, positive uses of leisure time, and abstention from the use of harmful substances.

7. To encourage making sound judgments through thinking critically, distinguishing between fact and opinions, and avoiding decision making based on peer pressures.
8. To assist in developing an appreciation for the beauty in literature, fine arts and nature.
9. To develop in each student a positive work ethic, the opportunity to develop career knowledge and skills, and a desire to continue their education throughout life.
10. To inspire a sense of self-esteem in each individual.
11. To accept varying viewpoints and understand the importance of diversity.

School Accountability

According to the Illinois General Assembly, the primary purpose of schooling is the transmission of knowledge and culture through which students learn in areas necessary to their continuing development and entry into the world of work. To fulfill that purpose, the Illinois State Board of Education prepared State Goals for Learning with accompanying Illinois Learning Standards.

The Board of Education gives priority in the allocation of resources, including funds, time, personnel, and facilities, to fulfilling this purpose.

Quality Assurance

The Board continuously monitors student achievement and the quality of the District's work. The Superintendent shall supervise the following quality assurance components, in accordance with State law and Illinois State Board of Education (ISBE) rules, and continuously keep the Board informed:

1. Prepare each school's annual recognition application and quality assurance appraisal, whether internal or external, to assess each school's continuous school improvement.
2. Continuously assess the District's and each school's overall performance in terms of both academic success and equity. This includes, without limitation, a thorough analysis of ISBE's balanced accountability measure and each school's Multiple Measure Index and corresponding Annual Measurable Objective provided by ISBE.
3. If applicable, develop District and School Improvement Plans, present them for Board approval, and supervise their implementation.
4. Prepare a school report card, present it at a regular Board meeting, and disseminate it as provided in State law.
5. In accordance with Sec. 2-3.153 of the School Code, administer at least biennially a survey of learning conditions on the instructional environment within the school to, at minimum, students in grades 6 through 12 and teachers.

School Year Calendar and Day

School Calendar

The Board of Education, upon the Superintendent's recommendation and subject to State regulations, annually establishes the dates for opening and closing classes, teacher institutes and in-services, the length and dates of vacations, and the days designated as legal school holidays. The school calendar shall have a minimum of 185 days to ensure 176 days of actual student attendance.

Commemorative Holidays

The teachers and students shall devote a portion of the school day on each commemorative holiday designated in the School Code to study and honor the commemorated person or occasion. The Board may, from time to time, designate a regular school day as a commemorative holiday.

School Day

The Board establishes the length of the school day with the recommendation of the Superintendent and subject to State law requirements. The Superintendent or designee shall ensure that observances required by State law are followed during each day of school attendance.

Instruction

Organization of Instruction

The School District has instructional levels for grades 9 through 12. The Superintendent shall annually present to the Board of Education a plan for organizing instructional levels and assigning them to school facilities in order to:

1. Support the District's educational program,
2. Maximize facility usage without undue overcrowding, and
3. Provide substantially comparable instructional programs across the District.

Students, for instructional purposes, may be placed in groups within a school that do not necessarily follow grade level designations. For purposes of attendance reporting and other records, however, each student is assigned a grade-level placement.

Curriculum Development

Adoption

The Superintendent shall recommend a comprehensive curriculum that is aligned with:

1. The District's educational philosophy and goals,
2. Student needs as identified by research, demographics, and student achievement and other data,
3. The knowledge, skills, and abilities required for students to become life-long learners,
4. The minimum requirements of State and federal law and regulations for curriculum and graduation requirements,
5. The curriculum of non-District schools that feed into or from a District school, provided that the necessary cooperation and information is available,
6. The Illinois State Learning Standards and any District learning standards, and
7. Any required State or federal student testing.

The Board of Education will adopt, upon recommendation of the Superintendent, a curriculum that meets the above criteria.

Experimental Educational Programs and Pilot Projects

The Superintendent may recommend experimental educational programs and/or pilot projects for Board consideration. Proposals must include goals, material needs, anticipated expenses, and an evaluation process. The Superintendent shall submit to the Board periodic progress reports for programs that exceed one year in duration and a final evaluation with recommendation upon the program's completion.

Single-Gender Classes and Activities

The Superintendent may recommend a program of nonvocational single-gender classes and/or activities to provide diverse educational opportunities and/or meet students' identified educational needs. Participation in the classes or activities must be voluntary, both genders must be treated with substantial equality, and the program must otherwise comply with State and federal law and with Board policy 7:10, *Equal Educational Opportunities*. The Superintendent must periodically evaluate any single-gender class or activity to ensure that: (1) it does not rely on overly broad generalizations about the different talents, capabilities, or preferences of either gender, and (2) it continues to comply with State and federal law and with Board policy 7:10, *Equal Educational Opportunities*.

Development

The Superintendent shall develop a curriculum review program to monitor the current curriculum and promptly suggest changes to make the curriculum more effective, to take advantage of improved teaching methods and materials, and to be responsive to social change, technological developments, student needs, and community expectations.

The Superintendent shall report to the Board as appropriate, the curriculum review program's efforts to:

1. Regularly evaluate the curriculum and instructional program.
2. Ensure the curriculum continues to meet the stated adoption criteria.
3. Include input from a cross-section of teachers, administrators, parents/guardians, and students, representing all schools, grade levels, disciplines, and specialized and alternative programs.
4. Coordinate with the process for evaluating the instructional program and materials.

Curriculum Guides and Course Outlines

The Superintendent shall develop and provide subject area curriculum guides/maps to appropriate staff members.

School Wellness

Student wellness, including good nutrition and physical activity, shall be promoted in the District's educational program, school activities, and meal programs. This policy shall be interpreted consistently with Section 204 of the Child Nutrition and WIC Reauthorization Act of 2004 and the Healthy Hunger-Free Kids Act of 2010 (HHFKA). The Superintendent or designee will ensure each school building complies with this policy, the policy is available to the community on an annual basis, and that the community is informed about the progress of this policy's implementation.

Goals for Nutrition Education and Nutrition Promotion

The goals for addressing nutrition education and nutrition promotion include the following:

- Schools will support and promote sound nutrition for students.
- Schools will foster the positive relationship between sound nutrition, physical activity, and the capacity of students to develop and learn.
- Nutrition education will be part of the District's comprehensive health education curriculum. See Board of Education policy 6:60, *Curriculum Content*.

Goals for Physical Activity

The goals for addressing physical activity include the following:

- Schools will support and promote an active lifestyle for students.
- Physical education will be taught in all grades and shall include a developmentally planned and sequential curriculum that fosters the development of movement skills, enhances health related fitness, increases students' knowledge, offers direct opportunities to learn how to work cooperatively in a group setting, and encourages healthy habits and attitudes for a healthy lifestyle. See Board policy 6:60, *Curriculum Content* and Board policy 7:260, *Exemption from Physical Education*.
- During the school day, all students will be required to engage in a daily physical education course, unless otherwise exempted. See Board policy 6:60, *Curriculum Content* and Board policy 7:260, *Exemption from Physical Education*.
- The curriculum will be consistent with and incorporate relevant *Illinois Learning Standards for Physical Development and Health* as established by the Illinois State Board of Education.

Nutrition Guidelines for Foods Available During the School Day

Students will be offered and schools will promote nutritious food and beverage choices consistent with the current *Dietary Guidelines for Americans* published jointly by the U.S. Departments of Health and Human Services and Agriculture (USDA). In addition, in order to promote student health and reduce childhood obesity, the Superintendent or designee shall restrict the sale of *competitive foods*, as defined by the USDA, in the food service areas during meal periods and comply with all ISBE rules.

Exempted Fundraising Day (EFD) Requests

All food and beverages sold to students on the school campuses of participating schools during the school day must comply with the "general nutrition standards for competitive foods" specified in federal law, unless the Superintendent or designee in a participating school has granted an exempted fundraising day (EFD). To request an EFD and learn more about the District's related procedure(s), contact the Superintendent or designee. The District's procedures are subject to change. The number of EFDs is set by ISBE rule.

Guidelines for Reimbursable School Meals

Reimbursable school meals served shall meet, at a minimum, the nutrition requirements and regulations for the National School Lunch Program and/or School Breakfast Program.

Monitoring

The Superintendent or designee shall annually provide implementation data and/or reports to the Board concerning this policy's implementation sufficient to allow the Board to monitor and adjust the policy. This report must include without limitation each of the following:

- An assessment of the District's implementation of the policy
- The extent to which schools in the District are in compliance with the policy
- The extent to which the policy compares to model local school wellness policies
- A description of the progress made in attaining the goals of the policy

Community Input

The Superintendent or designee will actively invite suggestions and comments concerning the development, implementation, and improvement of the school wellness policy from parents, students, representatives of the school food authority, teachers of physical education, school health professionals, the school board, school administrators, and community.

Recordkeeping

The Superintendent or designee shall retain records to document compliance with this policy.

Instruction

Curriculum Content

The curriculum shall contain instruction on subjects required by State statute or regulation as follows:

1. In grades 9 through 12, subjects include: (a) language arts, (b) writing intensive course, (c) science, (d) mathematics, (e) social studies including U.S. history, American government and, for students entering the 9th grade in the fall of 2016 and each year after it, one semester of civics, (f) foreign language, (g) music, (h) art, (i) driver and safety education, and (j) vocational education.

Students otherwise eligible to take a driver education course must receive a passing grade in at least eight courses during the previous two semesters before enrolling in the course. The Superintendent or designee may waive this requirement if he or she believes a waiver to be in the student's best interest. The course shall include: (a) classroom instruction on distracted driving as a major traffic safety issue, and (b) instruction concerning law enforcement procedures for traffic stops, including a demonstration of the proper actions to be taken during a traffic stop and appropriate interactions with law enforcement. Automobile safety instruction covering traffic regulations and highway safety must include instruction on the consequences of alcohol consumption and the operation of a motor vehicle. The eligibility requirements contained in State law for the receipt of a certificate of completion from the Secretary of State shall be provided to students in writing at the time of their registration.

2. In each grade, as well as in interscholastic athletic programs, steroid abuse prevention must be taught.
3. In each grade, provided it can be funded by private grants or the federal government, violence prevention and conflict resolution must be stressed, including: (a) causes of conflict, (b) consequences of violent behavior, (c) non-violent resolution, and (d) relationships between drugs, alcohol, and violence.
4. In all grades, the curriculum contains a unit on Internet safety must be taught, the scope of which shall be determined by the Superintendent or designee. The curriculum must incorporate policy 6:235, *Access to Information Technologies* and, at a minimum, include: (a) education about appropriate online behavior, (b) interacting with other individuals on social networking websites and in chat rooms, and (c) cyberbullying awareness and response.
5. In all grades, character education must be taught including respect, responsibility, fairness, caring, trustworthiness, and citizenship in order to raise students' honesty, kindness, justice, discipline, respect for others, and moral courage. Instruction in all grades should include educating students about behaviors that violate Board policy 7:180, *Prevention of and Response to Bullying, Intimidation, and Harassment*.
6. In all schools, citizenship values must be taught, including: (a) patriotism, (b) democratic principles of freedom, justice, and equality, (c) proper use and display of the American flag, (d) the Pledge of Allegiance, and (e) the voting process.
7. In all grades, physical education must be taught including a developmentally planned and sequential curriculum that fosters the development of movement skills, enhances health-related fitness, increases students' knowledge, offers direct opportunities to learn how to work cooperatively in a group setting, and encourages healthy habits and attitudes for a healthy lifestyle. Unless otherwise exempted, all students are required to engage daily during

the school day in a physical education course. For exemptions and substitutions, see policies 6:310, *High School Credit for Non-District Experiences; Course Substitutions; Re-Entering Students* and 7:260, *Exemption from Physical Education*.

8. In all schools, health education must be stressed, including: (a) proper nutrition, (b) physical fitness, (c) components necessary to develop a sound mind in a healthy body, (d) dangers and avoidance of abduction, and (e) age-appropriate sexual abuse and assault awareness and prevention education in all grades. The Superintendent shall implement a comprehensive health education program in accordance with State law.
9. In all schools, career/vocational education must be taught, including: (a) the importance of work, (b) the development of basic skills to enter the world of work and/or continue formal education, (c) good work habits and values, (d) the relationship between learning and work, and (e) if possible, a student work program that provides the student with work experience as an extension of the regular classroom. A career awareness and exploration program must be available at all grade levels.
10. In grades 9 through 12, consumer education must be taught, including: (a) financial literacy, including consumer debt and installment purchasing (including credit scoring, managing credit debt, and completing a loan application); budgeting; savings and investing; banking (including balancing a checkbook, opening a deposit account, and the use of interest rates); understanding simple contracts; State and federal income taxes; personal insurance policies; the comparison of prices; higher education student loans; identity-theft security; and homeownership (including the basic process of obtaining a mortgage and the concepts of fixed and adjustable rate mortgages, subprime loans, and predatory lending); and (b) the roles of consumers interacting with agriculture, business, labor unions and government in formulating and achieving the goals of the mixed free enterprise system.
11. In all schools, conservation of natural resources must be taught, including: (a) home ecology, (b) endangered species, (c) threats to the environment, and (d) the importance of the environment to life as we know it.
12. In all schools, United States history must be taught, including: (a) the principles of representative government, (b) the Constitutions of the U.S. and Illinois, (c) the role of the U.S. in world affairs, (d) the role of labor unions, and (e) the role and contributions of ethnic groups, including but not limited to, the African Americans, Albanians, Asian Americans, Bohemians, Czechs, French, Germans, Hispanics (including the events related to the forceful removal and illegal deportation of Mexican-American U.S. citizens during the Great Depression), Hungarians, Irish, Italians, Lithuanians, Polish, Russians, Scots, and Slovaks in the history of this country and State.

In addition, all schools shall hold an educational program on the United States Constitution on Constitution Day, each September 17, commemorating the September 17, 1787 signing of the Constitution. However, when September 17 falls on a Saturday, Sunday, or holiday, Constitution Day shall be held during the preceding or following week.

13. In all high school courses concerning U.S. history or a combination of U.S. history and American government, students must view a Congressional Medal of Honor film made by the Congressional Medal of Honor Foundation, provided there is no cost for the film.
14. In all schools, the curriculum includes a unit of instruction on the Holocaust and crimes of genocide, including Nazi atrocities of 1933-1945, Armenian Genocide, the Famine-Genocide in Ukraine, and more recent atrocities in Cambodia, Bosnia, Rwanda, and Sudan.

15. In all schools, the curriculum includes a unit of instruction on the history, struggles, and contributions of women.
16. In all schools, the curriculum includes a unit of instruction on Black History, including the history of the African slave trade, slavery in America, and the vestiges of slavery in this country, as well as the struggles and contributions of African-Americans.
17. In all schools offering a secondary agricultural education program, the curriculum includes courses as required by 105 ILCS 5/2-3.80.
18. In all schools, instruction during courses as determined by the Superintendent or designee on disability history, awareness, and the disability rights movement.

Student Social and Emotional Development

Social and emotional learning (SEL) is defined as the process through which students enhance their ability to integrate thinking, feeling, and behaving to achieve important life tasks. Students competent in SEL are able to recognize and manage their emotions, establish healthy relationships, set positive goals, meet personal and social needs, and make responsible and ethical decisions.

The Superintendent shall incorporate SEL into the District's curriculum and other educational programs consistent with the District's mission and the goals and benchmarks of the Ill. Learning Standards. The Ill. Learning Standards include three goals for students:

1. Develop self-awareness and self-management skills to achieve school and life success.
2. Use social-awareness and interpersonal skills to establish and maintain positive relationships.
3. Demonstrate decision-making skills and responsible behaviors in personal, school, and community contexts.

The incorporation of SEL objectives into the District's curriculum and other educational programs may include but is not limited to:

1. Classroom and school-wide programming to foster a safe, supportive learning environment where students feel respected and valued. This may include incorporating scientifically based, age-and-culturally appropriate classroom instruction, District-wide, and school-wide strategies that teach SEL skills, promote optimal mental health, and prevent risk behaviors for all students.
2. Staff development and training to promote students' SEL development. This may include providing all personnel with age-appropriate academic and SEL and how to promote it.
3. Parent/Guardian and family involvement to promote students' SEL development. This may include providing parents/guardians and families with learning opportunities related to the importance of their children's optimal SEL development and ways to enhance it.
4. Community partnerships to promote students' SEL development. This may include establishing partnerships with diverse community agencies and organizations to assure a coordinated approach to addressing children's mental health and SEL development.
5. Early identification and intervention to enhance students' school readiness, academic success, and use of good citizenship skills. This may include development of a system and procedures for periodic and universal screening, assessment, and early intervention for students who have significant risk factors for social, emotional, or mental health conditions that impact learning.
6. Treatment to prevent or minimize mental health conditions in students. This may include building and strengthening referral and follow-up procedures for providing effective clinical services for students with social, emotional, and mental health conditions that impact learning. This may include student and family support services, school-based behavioral health services, and school-community linked services and supports.
7. Assessment and accountability for teaching SEL skills to all students. This may include implementation of a process to assess and report baseline information and ongoing progress

about school climate, students' social and emotional development, and academic performance.

The Superintendent shall ensure that all school-sponsored presentations and discussions of controversial or sensitive topics in the instructional program, including those made by guest speakers, are:

- Age-appropriate. Proper decorum, considering the students' ages, should be followed.
- Consistent with the curriculum and serve an educational purpose.
- Informative and present a balanced view.
- Respectful of the rights and opinions of everyone. Emotional criticisms and hurtful sarcasm should be avoided.
- Not tolerant of profanity or slander. Disruptive conduct is prohibited and may subject a student to discipline.

The District specifically reserves its right to stop any school-sponsored activity that it determines violates this policy, is harmful to the District or the students, or violates State or federal law.

Using Animals in the Educational Program

Animals may be brought into school facilities for educational purposes according to procedures developed by the Superintendent assuring: (a) the animal is appropriately housed, humanely cared for, and properly handled, and (b) students will not be exposed to a dangerous animal or an unhealthy environment.

Animal Experiments

Experiments on living animals are prohibited; however, behavior studies that do not impair an animal's health or safety are permissible.

Animal Dissection

The dissection of dead animals or parts of dead animals shall be allowed in the classroom only when the dissection exercise contributes to or is a part of an illustration of pertinent study materials. All dissection of animals shall be confined to the classroom and must comply with the School Code.

Students who object to performing, participating in, or observing the dissection of animals are excused from classroom attendance without penalty during times when such activities are taking place. No student will be penalized or disciplined for refusing to perform, participate in, or observe a dissection. The Superintendent or designee shall inform students of: (1) their right to refrain from performing, participating in, or observing dissection, and (2) which courses contain a dissection unit and which of those courses offers an alternative project.

Programs for Students At Risk of Academic Failure and/or Dropping Out of School and Graduation Incentives Program

The Superintendent or designee shall develop, maintain, and supervise a program for students at risk of academic failure or dropping out of school. The program shall include education and support services addressing individual learning styles, career development, and social needs, and may include without limitation one or more of the following:

- Parent-teacher conferences
- Counseling services by social workers and/or guidance counselors
- Counseling services by psychologists
- Psychological testing
- Truants' alternative and optional education program
- Alternative school placement
- Community agency services
- Alternative learning opportunities program, in conformity with the Alternative Learning Opportunities Law, as it may be amended from time to time
- Graduation incentives program
- Remediation program

Any student who is below the age of 20 years is eligible to enroll in a graduation incentives program if he or she:

1. Is considered a dropout according to State law;
2. Has been suspended or expelled;
3. Is pregnant or is a parent;
4. Has been assessed as chemically dependent; or
5. Is enrolled in a bilingual education or English Language Learners program.

Education of Children with Disabilities

The School District shall provide a free appropriate public education in the least restrictive environment and necessary related services to all children with disabilities enrolled in the District, as required by the Individuals With Disabilities Education Act (IDEA) and implementing provisions of the School Code, Section 504 of the Rehabilitation Act of 1973, and the Americans With Disabilities Act. The term “children with disabilities,” as used in this policy, means children between ages 15 and 21 (inclusive) for whom it is determined, through definitions and procedures described in the Illinois State Board of Education’s *Special Education* rules, that special education services are needed.

It is the intent of the District to ensure that students who are disabled within the definition of Section 504 of the Rehabilitation Act of 1973 are identified, evaluated, and provided with appropriate educational services. Students may be disabled within the meaning of Section 504 of the Rehabilitation Act even though they do not require services pursuant to the IDEA.

For students eligible for services under IDEA, the District shall follow procedures for identification, evaluation, placement, and delivery of services to children with disabilities provided in the Illinois State Board of Education’s *Special Education* rules. For those students who are not eligible for services under IDEA, but, because of disability as defined by Section 504 of the Rehabilitation Act of 1973, need or are believed to need special instruction or related services, the District shall establish and implement a system of procedural safeguards. The safeguards shall cover students’ identification, evaluation, and educational placement. This system shall include notice, an opportunity for the student’s parent(s)/guardian(s) to examine relevant records, an impartial hearing with opportunity for participation by the student’s parent(s)/guardian(s), representation by counsel, and a review procedure.

The District may maintain membership in one or more cooperative associations of school districts that shall assist the District in fulfilling its obligations to the District’s disabled students.

If necessary, students may also be placed in nonpublic special education programs or education facilities.

Education of Homeless Children

Each child of a homeless individual and each homeless youth has equal access to the same free, appropriate public education as provided to other children and youths, including a public pre-school education. A *homeless child* is defined as provided in the McKinney Homeless Assistance Act and the Ill. Education for Homeless Children Act. The Superintendent or designee shall act as or appoint a Liaison for Homeless Children to coordinate this policy's implementation.

A homeless child may attend the District school that the child attended when permanently housed or in which the child was last enrolled. A homeless child living in any District school's attendance area may attend that school.

The Superintendent or designee shall review and revise rules or procedures that may act as barriers to the enrollment of homeless children and youths. In reviewing and revising such procedures, consideration shall be given to issues concerning transportation, immunization, residency, birth certificates, school records and other documentation, and guardianship. Transportation shall be provided in accordance with the McKinney Homeless Assistance Act and State law. The Superintendent or designee shall give special attention to ensuring the enrollment and attendance of homeless children and youths who are not currently attending school. If a child is denied enrollment or transportation under this policy, the Liaison for Homeless Children shall immediately refer the child or his or her parent/guardian to the ombudsperson appointed by the Regional Superintendent and provide the child or his or her parent/guardian with a written explanation for the denial.

Whenever a child and his or her parent/guardian who initially share the housing of another person due to loss of housing, economic hardship, or a similar hardship continue to share the housing, the Liaison for Homeless Children shall, after the passage of 18 months and annually thereafter, conduct a review as to whether such hardship continues to exist in accordance with State law.

Migrant Students

The Superintendent will develop and implement a program to address the needs of migrant children in the District.

This program will include a means to:

1. Identify migrant students and assess their educational and related health and social needs.
2. Provide a full range of services to migrant students through appropriate local, State and federal educational programs, including applicable Title I programs, special education, gifted education, vocational education, language programs, counseling programs, and elective classes.
3. Provide migrant children with full and appropriate opportunities to meet the same challenging State academic standards that all children are expected to meet.
4. Provide advocacy and outreach programs to migrant children and their families and professional development for District staff.
5. Provide programs, activities, and procedures for the engagement of parents/guardians and family members of migrant students in an understandable format and language.

Migrant Education Program for Parent/Guardian and Family Member Engagement

Parents/guardians and family members of migrant students will be involved in and regularly consulted about the development, implementation, operation, and evaluation of the migrant program.

Parents/guardians and family members of migrant students will receive instruction regarding their role in improving the academic achievement of their children.

Home and Hospital Instruction

A student who is absent from school, or whose physician anticipates that the student will be absent from school, because of a medical condition may be eligible for instruction in the student's home or hospital. Eligibility shall be determined by State law and the Illinois State Board of Education rules governing (1) the continuum of placement options for students who have been identified for special education services or (2) the home and hospital instruction provisions for students who have not been identified for special education services. Appropriate educational services from qualified staff will begin no later than 5 school days after receiving a physician's written statement. Instructional or related services for a student receiving special education services will be determined by the student's individualized education program.

A student who is unable to attend school because of pregnancy will be provided home instruction, correspondence courses, or other courses of instruction (1) before the birth of the child when the student's physician indicates, in writing, that she is medically unable to attend regular classroom instruction, and (2) for up to 3 months after the child's birth or a miscarriage.

Periodic conferences will be held between appropriate school personnel, parent(s)/guardian(s), and hospital staff to coordinate course work and facilitate a student's return to school.

English Learners

The District offers opportunities for resident English Learners to achieve at high levels in academic subjects and to meet the same challenging State academic standards that all children are expected to meet. The Superintendent or designee shall develop and maintain a program for English Learners that will:

1. Assist all English Learners to achieve English proficiency, facilitate effective communication in English, and encourage their full participation in school activities and programs as well as promote participation by the parents/guardians of English Learners.
2. Appropriately identify students with limited English language proficiency.
3. Comply with State law regarding the Transitional Bilingual Educational Program (TBE) or Transitional Program of Instruction (TPI), whichever is applicable.
4. Comply with any applicable State and federal requirements for the receipt of grant money for English Learners and programs to serve them.
5. Determine the appropriate instructional program and environment for English Learners.
6. Annually assess the English proficiency of English Learners and monitor their progress in order to determine their readiness for a mainstream classroom environment.
7. Include English Learners, to the extent required by State and federal law, in the District's student assessment program to measure their achievement in reading/language arts and mathematics.
8. Provide information to the parents/guardians of English Learners about: (1) the reasons for their child's identification, (2) their child's level of English proficiency, (3) the method of instruction to be used, (4) how the program will meet their child's needs, (5) how the program will specifically help their child learn English and meet age-appropriate academic achievement standards for grade promotion and graduation, (6) specific exit requirements of the program, (7) how the program will meet their child's individualized education program, if applicable, and (8) information on parent/guardian rights. Parents/guardians will be regularly apprised of their child's progress and involvement will be encouraged.

Parent Involvement

Parents/guardians of English Learners will be informed how they can: (1) be involved in the education of their children, and (2) be active participants in assisting their children to attain English proficiency, achieve at high levels within a well-rounded education, and meet the challenging State academic standards expected of all students.

Title I Programs

The Superintendent or designee shall pursue funding under Title I, Improving the Academic Achievement of the Disadvantaged, of the Elementary and Secondary Education Act, to supplement instructional services and activities in order to improve the educational opportunities of educationally disadvantaged or deprived children.

All District schools, regardless of whether they receive Title I funds, shall provide services that, taken as a whole, are substantially comparable. Teachers, administrators, and other staff shall be assigned to schools in a manner that ensures equivalency among the District's schools. Curriculum materials and instructional supplies shall be provided in a manner that ensures equivalency among the District's schools.

Title I Parent and Family Engagement

The District maintains programs, activities, and procedures for the engagement of parents/guardians and families of students receiving services, or enrolled in programs, under Title I. These programs, activities, and procedures are described in District-level and School-level compacts.

District-Level Parent and Family Engagement Compact

The Superintendent or designee shall develop a *District-Level Parent and Family Engagement Compact* according to Title I requirements. The *District-Level Parent and Family Engagement Compact* shall contain: (1) the District's expectations for parent and family engagement, (2) specific strategies for effective parent and family engagement activities to improve student academic achievement and school performance, and (3) other provisions as required by federal law. The Superintendent or designee shall ensure that the *Compact* is distributed to parents/guardians of students receiving services, or enrolled in programs, under Title I.

School-Level Parent and Family Engagement Compact

Each Building Principal or designee shall develop a *School-Level Parent and Family Engagement Compact* according to Title I requirements. This *School-Level Parent and Family Engagement Compact* shall contain: (1) a process for continually involving parents/guardians in its development and implementation, (2) how parents/guardians, the entire school staff, and students share the responsibility for improved student academic achievement, (3) the means by which the school and parents/guardians build and develop a partnership to help children achieve the State's high standards, and (4) other provisions as required by federal law. Each Building Principal or designee shall ensure that the *Compact* is distributed to parents/guardians of students receiving services, or enrolled in programs, under Title I.

Remote Educational Program

The Superintendent shall develop, maintain, and supervise a remote educational program consistent with Section 10-29 of the School Code. The remote educational program shall provide an opportunity for qualifying students to participate in an educational program delivered by the District in a location outside of a school.

The remote educational program shall:

1. Align its curriculum with the Illinois State Learning Standards and Board policies 6:10, *Educational Philosophy and Objectives* and 6:15, *School Accountability*.
2. Offer instruction and educational experiences consistent with those given to students at the same grade level in the District through compliance with Board policies 6:30, *Organization of Instruction* and 6:300, *Graduation Requirements*.
3. Provide instructors that meet the teacher qualifications in Board policy 5:190, *Teacher Qualifications*. Instructors are responsible for the following elements of the program:
 - a. Planning instruction,
 - b. Diagnosing learning needs,
 - c. Prescribing content delivery through class activities,
 - d. Assessing learning,
 - e. Reporting outcomes to administrators and parents/guardians, and
 - f. Evaluating the effects of instruction.
4. Follow the District's regular school term that is established by Board policies 2:20, *Powers and Duties of the School Board; Indemnification*, and 6:20, *School Year Calendar and Day*.
5. Calculate the number of clock hours a student participates in instruction in alignment with Board policy 6:20, *School Year Calendar and Day*.
6. Limit participation to students who are juniors or seniors or demonstrate individual educational need(s). Approval of students in the program will be on a space-available basis.
7. Authorize the Superintendent or designee to approve students for participation in the program when the student shows evidence of:
 - a. Enrollment in the District pursuant to Board policies 7:60, *Residence* and 7:30, *Student Assignment and Intra-District Transfer*.
 - b. Prior approval from their individualized educational program (IEP) team, if applicable.
 - c. How the remote educational program best serves the student's individual learning needs.
 - d. A consistent, appropriate attendance record, no disciplinary record, and a 2.5 minimum grade point average.
8. Include a process for developing and approving a written remote educational plan for each student participating in the program.
9. Require students to complete their participation in the program within 12 months, unless the student's participation is extended by the District.
10. Require students to participate in all assessments administered by the District pursuant to State and federal law and Board policy 6:340, *Student Testing and Assessment Program*.
11. Align with the requirements of Board policy 7:340, *Student Records*.
12. Comply with other State and federal laws and align with all applicable Board policies. This includes the Superintendent submitting a copy of this policy to the Illinois State Board of Education along with any amendments to it and any data on student participation.

13. Be monitored by the Board pursuant to Board policy 2:240, *Board Policy Development* and included as a topic for discussion in the annual report required by Board policy 6:10, *Educational Philosophy and Objectives*. It shall include a discussion of the process for renewal of the program when applicable.

Extracurricular and Co-Curricular Activities

Extracurricular or co-curricular activities are school-sponsored programs for which some or all of the activities are outside the instructional day. They do not include field trips, homework, or occasional work required outside the school day for a scheduled class. "Co-curricular activity" refers to an activity associated with the curriculum in a regular classroom and is generally required for class credit. "Extracurricular activity" refers to an activity that is not part of the curriculum, is not graded, does not offer credit, and does not take place during classroom time; it includes competitive interscholastic activities and clubs. The Superintendent must approve an activity in order for it to be considered a District-sponsored extracurricular or co-curricular activity, using the following criteria:

1. The activity will contribute to the leadership abilities, social well-being, self-realization, good citizenship, or general growth of student-participants.
2. Fees assessed students are reasonable and do not exceed the actual cost of operation.
3. The District has sufficient financial resources for the activity.
4. Requests from students.
5. The activity will be supervised by a school-approved sponsor.

Non-school sponsored student groups are governed by Board of Education policy, 7:330, *Student Use of Buildings - Equal Access*.

Academic Criteria for Participation

Selection of members or participants is at the discretion of the teachers, sponsors, or coaches, provided that the selection criteria conform to the District's policies. Participation in co-curricular activities is dependent upon course selection and successful progress in those courses. In order to be eligible to participate in any school-sponsored or school-supported athletic or extracurricular activity, a student must satisfy the Illinois High School Association's scholastic standing requirements. Any student-participant failing to meet these academic criteria shall be suspended from the activity until the specified academic criteria are met.

Instructional Materials

All District classrooms and learning centers should be equipped with an evenly-proportioned, wide assortment of instructional materials, including textbooks, workbooks, audio-visual materials, and electronic materials. These materials should provide quality learning experiences for students and:

1. Enrich and support the curriculum;
2. Stimulate growth in knowledge, literary appreciation, aesthetic values, and ethical standards;
3. Provide background information to enable students to make informed judgments and promote critical reading and thinking;
4. Depict in an accurate and unbiased way the cultural diversity and pluralistic nature of American society; and
5. Contribute to a sense of the worth of all people regardless of sex, race, religion, nationality, ethnic origin, sexual orientation, disability, or any other differences that may exist.

The Superintendent or designee shall annually provide a list or description of textbooks and instructional materials used in the District to the Board. Anyone may inspect any textbook or instructional material.

Teachers are encouraged to use supplemental material only when it will enhance, or otherwise illustrate, the subjects being taught and to ensure it is age-appropriate. No R-rated movie shall be shown to students unless prior approval is received from the Superintendent or designee, and no movie rated NC-17 (no one 17 and under admitted) shall be shown under any circumstances. These restrictions apply to television programs and other media with equivalent ratings. The Superintendent or designee shall give parents/guardians an opportunity to request that their child not participate in a class showing a movie, television program, or other media with an R or equivalent rating.

Instructional Materials Selection and Adoption

The Superintendent shall recommend to the Board for consideration and adoption all textbooks and instructional materials and shall include the following information: (1) title, publisher, copyright dates, number of copies desired, and cost; (2) any texts being replaced; and (3) rationale for recommendation. The School Code governs the adoption and purchase of textbooks and instructional materials.

Bring Your Own Technology (BYOT) Program: Responsible Use and Conduct

The Superintendent or designee shall establish a *Bring Your Own Technology (BYOT) Program*. The program will:

1. Promote educational excellence by facilitating resource sharing, innovation, and communication to enhance (a) technology use skills; (b) web-literacy and critical thinking skills about Internet resources and materials, including making wise choices; and (c) habits for responsible digital citizenship required in the 21st century.
2. Provide sufficient wireless infrastructure within budget parameters.
3. Provide access to the Internet only through the District's electronic networks.
4. Identify approved BYOT devices and what District-owned technology devices may be available; e.g., laptops, tablet devices, E-readers, and/or smartphones.
5. Align with Board policies 4:140, *Waiver of Student Fees*; 5:125 *Personal Technology and Social Media; Usage and Conduct*; 5:170, *Copyright*; 6:120, *Education of Children with Disabilities*; 6:235, *Access to Electronic Networks*; 7:140, *Search and Seizure*; 7:180, *Prevention of and Response to Bullying, Intimidation, and Harassment*; 7:190, *Student Behavior*; and 7:340, *Student Records*.
6. Provide relevant staff members with BYOT professional development opportunities, including the provision of:
 - a. Classroom management information about issues associated with the program, e.g., technical support, responsible use, etc.;
 - b. A copy of or access to this policy and any building-specific rules for the program;
 - c. Additional training, if necessary, about 5:170, *Copyright*; and
 - d. Information concerning appropriate behavior of staff members as required by State law and policy 5:120, *Employee Ethics; Conduct; and Conflict of Interest*.
7. Provide a method to inform parents/guardians and students about this policy.
8. Include the program in the annual report to the Board as required under policy 6:10, *Education Philosophy and Objectives*.

The District reserves the right to discontinue its BYOT program at any time. The District does not provide liability protection for BYOT devices, and it is not responsible for any damages to them.

Responsible Use

The District recognizes students participating in the program as responsible young adults and holds high expectations of their conduct in connection with their participation in the program. Teachers may encourage students to bring their own devices as supplemental in-class materials when: (a) using the devices will appropriately enhance, or otherwise illustrate, the subjects being taught; (b) the Building Principal has approved their use and found that their use is age-appropriate; and (c) the student's parent/guardian has signed the *Bring Your Own Technology (BYOT) Program Participation Authorization and Responsible Use Agreement Form*. A student's right to privacy in his or her device is limited; any reasonable suspicion of activities that violate law or Board policies will be treated according to policy 7:140, *Search and Seizure*.

Responsible use in the program incorporates into this policy the individual's *Acceptable Use of Electronic Networks* agreement pursuant to policy 6:235, *Access to Electronic Networks*. Responsible use also incorporates the established usage and conduct rules in policy 5:125, *Social Media and Personal Technology; Usage and Conduct* for staff and 7:190, *Student Behavior* for students. Failure to follow these rules and the specific BYOT program student guidelines may result in: (a) the loss of access to the District's electronic network and/or student's BYOT privileges; (b) disciplinary action pursuant to 7:190 *Student Behavior*, 7:200, *Suspension Procedures*, or 7:210, *Expulsion Procedures*; and/or (c) appropriate legal action, including referrals of suspected or alleged criminal acts to appropriate law enforcement agencies.

Access to Information Technologies

Information technologies, including access to the Internet, are a part of the District's instructional program and serve to promote educational excellence by facilitating resource sharing, innovation, and communication. These technologies include all computer hardware, software, and network infrastructure owned or operated by District 117 including, but not limited to, its internal network, e-mail, portals, and online resources. Use of these technologies is defined as obtaining access to any District technology, software, or services regardless of the technical device, and whether or not the device is owned or operated by the District. Access or use by any party of District information technologies shall be governed by the following policy. The Superintendent shall develop an implementation plan for this policy and appoint system administrator(s).

The District is not responsible for any data that may be lost or damaged, or become unavailable when using the District's information technologies, or for any data that is retrieved or transmitted via these technologies. Furthermore, the District will not be responsible for any unauthorized charges or fees resulting from access to the Internet.

Curriculum and Appropriate Online Behavior

The use of the District's electronic networks shall: (1) be consistent with the curriculum adopted by the District as well as the varied instructional needs, learning styles, abilities, and developmental levels of the students, and (2) comply with the selection criteria for instructional materials and library resource center materials. As required by federal law and Board policy 6:60, *Curriculum Content*, students will be educated about appropriate online behavior, including but not limited to: (1) interacting with other individuals on social networking websites and in chat rooms, and (2) cyberbullying awareness and response. Staff members may, consistent with the Superintendent's implementation plan, use the Internet throughout the curriculum.

The District's information technologies are part of the curriculum and not a public forum for general use.

Acceptable Use

All use of the District's information technologies must be: (1) in support of education and/or research, and be in furtherance of the goals stated herein, or (2) for a legitimate school business purpose. Use is a privilege, not a right. All users have no expectation of privacy in any material that is stored, transmitted, or received via the District's information technologies. General rules for behavior and communications apply when using information technologies. The District's administrative procedure, *Acceptable Use of the District's Electronic Networks*, contains the appropriate uses, ethics, and protocol. Electronic communications and downloaded material, including files deleted from a user's account but not erased, may be monitored or read by school officials.

Internet Safety

Technology protection measures shall be used on each District computer with Internet access. They shall include a filtering device that protects against Internet access by both adults and minors to visual depictions that are: (1) obscene, (2) pornographic, or (3) harmful or inappropriate for students, as defined by federal law and as determined by the Superintendent or designee(s). The Superintendent or designee(s) shall enforce the use of such filtering devices. An administrator, supervisor, or other

authorized person may work with system administrator(s) to disable the filtering device for bona fide research or other lawful purpose, provided the person receives prior permission from the Superintendent or system administrator(s). The Superintendent or designee(s) shall include measures in this policy's implementation plan to address the following:

1. Ensure staff supervision of student access to online electronic networks,
2. Restrict student access to inappropriate matter as well as restricting access to harmful materials,
3. Ensure student and staff privacy, safety, and security when using electronic communications,
4. Restrict unauthorized access, including "hacking" and other unlawful activities, and
5. Restrict unauthorized disclosure, use, and dissemination of personal identification information, such as, names and addresses.
6. Use of non-District devices which utilize District information technologies.

Authorization for Electronic Network Access

Each staff member must sign the *Authorization for Access to the District's Electronic Networks* as a condition for using the District's electronic network. Each student and his or her parent(s)/guardian(s) must sign the *Authorization* before being granted use.

All users of District computers to access the Internet shall maintain the confidentiality of student records. Reasonable measures to protect against unreasonable access shall be taken before confidential student information is loaded onto the network.

The failure of any student or staff member to follow the terms of the District's administrative procedure, *Acceptable Use of the District's Electronic Networks*, or this policy, will result in the loss of privileges, disciplinary action, and/or appropriate legal action.

Administrative Procedure - Acceptable Use of Information Technologies

All use of information technologies shall be consistent with the District's goal of promoting educational excellence by facilitating resource sharing, innovation, and communication. These procedures do not attempt to state all required or proscribed behavior by users. However, some specific examples are provided. **The failure of any user to follow these procedures will result in the loss of privileges, disciplinary action, and/or legal action.**

Terms and Conditions

Acceptable Use - Access to the District's information technologies must be: (a) for the purpose of education or research, and be consistent with District educational objectives, or (b) for legitimate business use.

Privileges - Use of District information technologies is a privilege, not a right, and inappropriate use will result in a cancellation of those privileges and/or disciplinary action up to suspension or dismissal, in accordance with the employee's collective bargaining agreement if applicable. The Superintendent or their designee will make all decisions regarding whether or not a user has violated these procedures and may deny, revoke, or suspend access at any time. His or her decision is final.

Unacceptable Use - The user is responsible for his or her actions and activities involving the network. Some examples of unacceptable uses are:

- a. Using the network for any illegal activity, including violation of copyright or other contracts, or transmitting any material in violation of any State or federal law;
- b. Unauthorized downloading of software, regardless of whether it is copyrighted or de-virused;
- c. Downloading of copyrighted material for other than personal use;
- d. Using the network for private financial or commercial gain including gambling;
- e. Wastefully using resources, such as file space;
- f. Hacking or gaining unauthorized access to files, resources, or entities;
- g. Invading the privacy of individuals, that includes the unauthorized disclosure, dissemination, and use of information about anyone that is of a personal nature including a photograph;
- h. Using another user's account or password;
- i. Posting material authored or created by another without his/her consent;
- j. Posting anonymous messages for malicious or non-educational use;
- k. Using the network for commercial or private advertising;
- l. Accessing, submitting, posting, publishing, or displaying any defamatory, inaccurate, abusive, obscene, profane, sexually oriented, threatening, racially offensive, harassing, or illegal material;
- m. Using the network while access privileges are suspended or revoked;
- n. Unauthorized installation and/or execution of software on District hardware;
- o. Using private devices with a private network to circumvent District technology;
- p. Creating or spreading malicious software such as viruses or worms;
- q. Use of any technology to circumvent District security and/or connectivity;
- r. Disrupting the access of others to District technology.

Disciplinary Action

1. Any student who is determined by the Superintendent or designee to be in violation of this policy may have his/her network privileges suspended or canceled, and may be prohibited from possessing self-provided technology devices in school buildings, on school grounds, and at or in relation to school-sponsored activities at any location. In addition, the student may be considered guilty of gross disobedience or misconduct and subject to additional disciplinary action by the administration and/or Board of Education. Such action may include, but is not limited to, suspension and/or expulsion from school.
2. Any employee who is determined by the Superintendent or designee to be in violation of this policy may have their network privileges suspended or canceled. In addition, the employee may be subject to additional disciplinary action by the administration and/or Board of Education and may be required to provide user credentials for any user-based technologies or networks.
3. Cases involving suspected or alleged criminal acts will be referred to appropriate law enforcement agencies.

Termination of Authorized Use - The Board of Education recognizes the need for secure computing and networking facilities and authorizes the administration to terminate network/computer access when said access is no longer needed. Reasons for terminating the authorized use by an individual--student or employee--may include, but shall not be limited to the following:

1. A student is no longer enrolled at the District due to graduation, transfer to another school, dropping out of school, expulsion, death, or other reason.
2. A student attends an educational facility outside of the District full-time but is still technically enrolled as a student.
3. A staff member is no longer employed at or is on leave from the District due to leave of absence, retirement, resignation, termination, death, etc.
4. Disciplinary reasons or violation of this policy.
5. Such other cause as the Superintendent or designee determines in the exercise of reasonable discretion is necessary to secure the network operations, functionality and compliance with Board Policy pending further action in any disciplinary matter and pending finalization of such disciplinary determination or completion of any investigation.
6. Written revocation of consent by the student's parent or guardian.

Network Etiquette - The user is expected to abide by the generally accepted rules of network etiquette. These include, but are not limited to, the following:

- a. Be polite. Do not become abusive in messages to others;
- b. Use appropriate language. Do not swear, or use vulgarities or any other inappropriate language;
- c. Do not reveal personal information, including the addresses or telephone numbers, of students or colleagues;
- d. Recognize that email is not private. People who operate the system have access to all email. Messages relating to or in support of illegal activities may be reported to the authorities;
- e. Do not use the network in any way that would disrupt its use by other users;
- f. Consider all communications and information accessible via the network to be private property.

No Warranties – The District makes no warranties of any kind, whether expressed or implied, for the service it is providing. The District will not be responsible for any damages the user suffers. This includes loss of data resulting from delays, non-deliveries, missed-deliveries, network malfunction, or

service interruptions caused by its negligence or the user's errors or omissions. Use of any information obtained via the Internet is at the user's own risk. The District specifically denies any responsibility for the accuracy or quality of information obtained through its services.

Indemnification - The user agrees to indemnify the District for any losses, costs, or damages, including reasonable attorney fees, incurred by the District relating to, or arising out of, any violation of these procedures.

Security - Network security is a high priority. If the user can identify a security problem on the District's computer network or on the Internet using the District's computer network, the user will immediately report to any district employee any such gap, weakness or breach. Do not demonstrate the problem to other users. Keep your account and password confidential. Do not use another individual's account. Attempts to log-on to the District's computer network as a system administrator will result in disciplinary action. Any user identified as a security risk may be denied access to the network.

Vandalism - Vandalism will result in cancellation of privileges and other disciplinary action. Vandalism is defined as any malicious attempt to harm or destroy equipment, data of another user, the Internet, or any other network. This includes, but is not limited to, the uploading or creation of computer viruses.

Telephone Charges - The District assumes no responsibility for any unauthorized charges or fees, including telephone charges, long-distance charges, per-minute surcharges, data charges, and/or equipment or line costs. Any and all such unauthorized charges or fees shall be the responsibility of the user.

Copyright Web Publishing Rules - Copyright law and District policy prohibit the re-publishing of text or graphics found on the web or on District websites or file servers without explicit written permission.

- a. For each re-publication (on a website or file server) of a graphic or a text file that was produced externally, there must be a notice at the bottom of the page crediting the original producer and noting how and when permission was granted. If possible, the notice should also include the web address of the original source.
- b. Students and staff engaged in producing web pages must provide the Technology Department with email or hard copy permissions before the web pages are published. Printed evidence of the status of "public domain" documents must be provided.
- c. The absence of a copyright notice may not be interpreted as permission to copy the materials. Only the copyright owner may provide the permission. The manager of the website displaying the material may not be considered a source of permission.
- d. The *fair use* rules governing student reports in classrooms are less stringent and permit limited use of graphics and text.
- e. Student work may only be published if there is written permission from both the parent/guardian and student.

Use of Email - The District's email system, and its constituent software, hardware, and data files, are owned and controlled by the District. The District provides email to aid students and staff members in fulfilling their duties and responsibilities, and as an education tool.

- a. The District reserves the right to access and disclose the contents of any account on its system, without prior notice or permission from the account's user. Unauthorized access by any student or staff member to an email account is strictly prohibited.
- b. Each person should use the same degree of care in drafting an email message as would be put into a written memorandum or document. Nothing should be transmitted in an email message that would be inappropriate in a letter or memorandum.

- c. Electronic messages transmitted via the District's Internet gateway carry with them an identification of the user's Internet *domain*. This domain is a registered name and identifies the author as being with the District. Great care should be taken, therefore, in the composition of such messages and how such messages might reflect on the name and reputation of the District. Users will be held personally responsible for the content of any and all email messages transmitted to external recipients.
- d. Any message received from an unknown sender via the Internet should either be immediately deleted or forwarded to the system administrator. Downloading any file attached to any Internet-based message is prohibited unless the user is certain of that message's authenticity and the nature of the file so transmitted.
- e. Once an employee's affiliation with the District ends, e-mail and network accounts may be kept open for thirty (30) days, retained or deleted by the District unless prior arrangements have been made with the superintendent or designee. If an employee is suspended or terminated, or if a violation of this policy may have been committed, the computer services accounts of the employee will be locked immediately. Information can be requested from locked accounts for a period of up to thirty (30) days, which may be denied by the Superintendent or designee for good cause. After this time, the e-mail and network accounts may be deleted.
- f. During the performance of their duties, system administrators have the authority from time to time to observe message header information to ensure proper functioning of the e-mail service, and on these and other occasions may inadvertently see the contents of e-mail messages. Therefore, there should be no expectation of privacy by users of the District e-mail system.
- g. Notwithstanding anything in this policy to the contrary, the District's e-mail service may be used for incidental personal purposes. E-mail records arising from personal use are still deemed to be property of the District. Personal use must not:
 - 1. Directly or indirectly interfere with the operation of district computing facilities or electronic mail services;
 - 2. Burden the district with noticeable incremental cost;
 - 3. Interfere with the e-mail user's employment or other obligations to the District; or
 - 4. Contain inappropriate content or otherwise violate this policy.
 - 5. The District e-mail service may not be used for:
 - a. Unlawful activities or the promotion of unlawful activities;
 - b. Commercial purposes not under the auspices of the District; or
 - c. Uses that violate other District Board Policies or Procedures.
- h. Use of the District's email system constitutes consent to these regulations.

Retention – The District may retain digital information. This does not guarantee the storage or integrity of all digitally recorded information.

Hardware and Software Acquisition

- a. All computer hardware, peripherals and software used in the District for either administrative or instructional use must be purchased by or processed through the Technology Department.
- b. The District licenses the use of copies of computer software from a variety of publishers and distributors. The District does not own the copyright to this software or its related documentation, and unless authorized by the software publisher, does not have the right to reproduce it for use on more than one computer.
- c. Software licensed to the District may be installed on our hardware according to the terms of the licensing agreement. Software that is not licensed to the District may not be installed on our hardware.

- d. According to US copyright law, illegal reproduction of software is subject to civil damages of as much as US \$100,000 per title infringed and imprisonment of up to five years.
- e. Users will use the software only in accordance with the license agreement.
- f. Users who learn of any misuse of software or related documentation within the District will notify the system administrator.

Internet Safety - Internet access is limited to only those *acceptable uses* as detailed in these procedures. Internet safety is almost assured if users will not engage in *unacceptable uses*, as detailed in these procedures, and otherwise follow these procedures.

Some of the most effective safety measures can only be implemented by students themselves. The District encourages parents and guardians to discuss the following safety concerns with their students:

1. Students should not give out such personal information as their name, age, home address, telephone number(s), photograph, their parents' or guardians' work address or telephone number, or the name or location of the school over the Internet or through e-mail. Students should not give out such personal information about other individuals over the Internet or through e-mail.
2. Students should immediately inform their parents, guardians, or a member of District staff if they come across any information on the Internet or in an e-mail that makes them feel uncomfortable. Students should not respond to any e-mail or other message which makes them feel uncomfortable.
3. Students should never agree to meet someone in person whom they have "met" online without parental knowledge, permission, and supervision.

Staff members shall **provide reasonable** supervision of students while they are using District network access to ensure that the students abide by the *Terms and Conditions* for Internet access contained in these procedures.

Each District computer with Internet access has a filtering device that blocks entry to visual depictions that are: (1) obscene, (2) pornographic, or (3) harmful or inappropriate for students, as defined by the Children's Internet Protection Act and as determined by the Superintendent or designee.

The use of self-provided technology (including hardware, software, and Internet access) to access external networks (i.e. cell phone providers) cannot be subjected to measures used by the District that could indicate inappropriate network usage. Accordingly, employees and students who provide their own technology and/or access to the Internet shall assume any risk associated therewith. The District expressly disclaims any responsibility for not imposing content filtering.

The system administrator and/or their designee shall monitor student Internet access.

Field Trips

Field trips are encouraged when the experiences are a part of the school curriculum and/or contribute to the District's educational objectives.

All field trips must have the Superintendent or designee's prior approval, except that field trips beyond a 200-mile radius of the school or extending overnight must have the prior approval of the Board of Education. The Superintendent or designee shall analyze the following factors to determine whether to approve a field trip: educational value, student safety, parent concerns, heightened security alerts, and liability concerns. On all field trips, a bus fee set by the Superintendent or designee may be charged to help defray the transportation costs.

Parents/guardians of students shall be given the opportunity to consent to their child's participation in any field trip. All non-participating students shall be provided an alternative experience. Any field trip may be cancelled without notice due to an unforeseen event or condition.

Privately arranged trips, including those led by District staff members, shall not be represented as or construed to be sponsored by the District or school. The District does not provide liability protection for privately arranged trips and is not responsible for any damages arising from them.

Community Resource Persons and Volunteers

The Board of Education encourages the use of resource persons and volunteers to: (1) increase students' educational attainment, (2) provide enrichment experiences for students, (3) increase the effective utilization of staff time and skills, (4) give more individual attention to students, and (5) promote greater community involvement.

Resource persons and volunteers may be used:

1. For non-teaching duties not requiring instructional judgment or evaluation of students;
2. To assist with academic programs under a certificated teacher's immediate supervision;
3. As a guest lecturer or resource person under a certificated teacher's direction and with the administration's approval; or
4. As supervisors, chaperones, or sponsors for non-academic school activities.

The Superintendent shall establish procedures for securing and screening resource persons and volunteers. A person who is a "sex offender," as defined by the Sex Offender Registration Act, or a "violent offender against youth," as defined in the Child Murderer and Violent Offender Against Youth Registration Act, is prohibited from being a resource person or volunteer. All volunteer coaches must comply with the requirement to report hazing in policy 5:90, *Abused and Neglected Child Reporting*.

Guidance and Counseling Program

The School District provides a guidance and counseling program for students. The Superintendent or designee shall direct the District's guidance and counseling program. School counseling services, as described by State law, may be performed by a qualified guidance specialist or any certificated staff member.

The guidance program will assist students to identify career options consistent with their abilities, interests, and personal values. Students shall be encouraged to seek the help of counselors to develop specific curriculum goals that conform to the student's career objectives. High school juniors and seniors will have the opportunity to receive career-oriented information. Representatives from colleges and universities, occupational training institutions and career-oriented recruiters, including the military, may be given access to the school campus in order to provide students and parents/guardians with information.

Grading and Promotion

The Superintendent shall establish a system of grading and reporting academic achievement to students and their parents/guardians. The system shall also determine when promotion and graduation requirements are met. The decision to promote a student to the next grade level shall be based on successful completion of the curriculum, attendance, and performance on the Illinois *Partnership for Assessment of Readiness for College and Careers* (PARCC) and/or other assessments. A student shall not be promoted based upon age or any other social reason not related to academic performance. The administration shall determine remedial assistance for a student who is not promoted.

Every teacher shall maintain an evaluation record for each student in the teacher's classroom. A District administrator cannot change the final grade assigned by the teacher without notifying the teacher. Reasons for changing a student's final grade include:

- A miscalculation of test scores,
- A technical error in assigning a particular grade or score,
- The teacher agrees to allow the student to do extra work that may impact the grade,
- An inappropriate grading system used to determine the grade, or
- An inappropriate grade based on an appropriate grading system.

Should a grade change be made, the administrator making the change must sign the changed record.

Homework

Homework is part of the District's instructional program and has the overarching goal of increasing student achievement. Homework is assigned to further a student's educational development and is an application or adaptation of a classroom experience. The Superintendent shall provide guidance to ensure that homework:

1. Is used to reinforce and apply previously covered concepts, principles, and skills;
2. Is not assigned for disciplinary purposes;
3. Serves as a communication link between the school and parents/guardians;
4. Encourages independent thought, self-direction, and self-discipline; and
5. Is of appropriate frequency and length, and does not become excessive, according to the teacher's best professional judgment.

Graduation Requirements

A Board of Education should ensure that any District graduation requirements that are in addition to the State requirements are aligned with the District educational objectives. See policy 6:10, *Educational Philosophy and Objectives*.

To graduate from high school, unless otherwise exempted, each student is responsible for:

1. Completing all District graduation requirements that are in addition to the State requirements.
 - a. Eight semesters of Language Arts (4 credits);
 - b. Six semesters of Mathematics (3credits);
 - c. Four semesters of Science (2 credits);
 - d. Six semesters of Social Studies, including two semesters of United States history, one semester of American Government, two semesters Global Studies, and one semester of Social Studies elective (not including consumer education) (3 credits);
 - e. One semester Consumer Education, Business Concepts, or Life Resource Management (.5 credit);
 - f. Two semesters Illinois Elective (Fine Arts, World Languages, or Applied Technology) (1 credit);
 - g. One semester Fine Arts (.5 credit);
 - h. One semester of Health (.5 credit);
 - i. One semester of Driver Education (.5 credit);
 - j. Seven semesters of Physical Education (3.5 credits); and
 - k. Eight semesters of elective credit (4 credits).

Minimum total credits (one credit equals two semesters of course work) must equal 22½.

2. Completing all courses as provided in the School Code, 105 ILCS 5/27-22.
3. Completing all minimum requirements for graduation as specified by Illinois State Board of Education rule, 23 Ill.Admin.Code §1.440.
4. Passing an examination on patriotism and principles of representative government, proper use of the flag, methods of voting, and the Pledge of Allegiance.
5. Participating in State assessments that are required for graduation by the School Code, 105 ILCS 5/2-3.64a-5(c).

The Superintendent or designee is responsible for:

1. Maintaining a description of all course offerings that comply with the above graduation requirements.
2. Notifying students and their parents/guardians of graduation requirements.
3. Developing the criteria for #4 above.
4. Complying with State law requirements for students who transfer during their senior year because their parent(s)/guardian(s) are on active military duty. This includes making reasonable adjustments to ensure graduation if possible, or efforts to ensure that the original (transferor) school district issues the student a diploma.
5. Taking all other actions needed or necessary to implement this policy.

Early Graduation

The Superintendent or designee shall implement procedures for students to graduate early, provided they finish 7 semesters of high school or its equivalent and meet all graduation requirements.

Certificate of Completion

A student with a disability who has an Individualized Education Program prescribing special education, transition planning, transition services, or related services beyond the student's 4 years of high school, qualifies for a certificate of completion after the student has completed 4 years of high school. The student is encouraged to participate in the graduation ceremony of his or her high school graduation class. The Superintendent or designee shall provide timely written notice of this requirement to children with disabilities and their parents/guardians.

Veterans of World War II, the Korean Conflict, or the Vietnam Conflict

Upon application, an honorably discharged veteran of World War II, the Korean Conflict, or the Vietnam Conflict will be awarded a diploma, provided that he or she: (1) resided within an area currently within the District at the time he or she left high school, (2) left high school before graduating in order to serve in the U.S. Armed Forces, and (3) has not received a high school diploma.

High School Credit for Non-District Experiences; Course Substitutions; Re-Entering Students

Credit for Non-District Experiences

A student may receive high school credit for successfully completing any of the listed courses or experiences even when it is not offered in or sponsored by the District:

1. Distance learning course, including a correspondence, virtual, or online course
2. Courses in an accredited foreign exchange program
3. Summer school or community college courses
4. College courses offering dual credit courses at both the college and high school level
5. Foreign language courses taken in an ethnic school program approved by the Illinois State Board of Education
6. Work-related training at manufacturing facilities or agencies in a Youth Apprenticeship Vocational Education Program (Tech Prep)

The student must seek approval from the Superintendent or designee to receive graduation credit for any non-District course or experience. The Superintendent or designee shall determine the amount of credit and whether a proficiency examination is required before the credit is awarded. As approval is not guaranteed, students should seek conditional approval of the experience before participating in a non-District course or experience. The student assumes responsibility for any fee, tuition, supply, or other expense. The student seeking credit is responsible for (1) providing documents or transcripts that demonstrate successful completion of the experience, and (2) taking a proficiency examination, if requested. The Superintendent or designee shall determine which, if any, non-District courses or experiences, will count toward a student's grade point average, class rank, and eligibility for athletic and extracurricular activities. This section does not govern the transfer of credits for students transferring into the District.

Substitutions for Required Courses

Vocational or technical education. A student in grades 9-12 may satisfy one or more high school courses (including physical education) or graduation requirements by successfully completing related vocational or technical education courses if:

1. The Building Principal approves the substitution and the vocational or technical education course is completely described in curriculum material along with its relationship to the required course; and
2. The student's parent/guardian requests and approves the substitution in writing on forms provided by the District.

Advanced placement computer science. The advanced placement computer science course is equivalent to a high school mathematics course. A student in grades 9-12 may substitute the advanced placement computer science course for one year of mathematics, in accordance with Section 27-22 of the School Code. The transcript of a student who completes the advanced placement computer science course will state that it qualifies as a mathematics-based, quantitative course.

Substitutions for physical education. A student in grades 9-12, unless otherwise stated, may submit a written request to the Building Principal to be excused from physical education courses for the reasons stated below. The Superintendent or designee shall maintain records showing that the criteria set forth in this policy were applied to the student's individual circumstances, as appropriate.

1. Enrollment in a marching band program for credit;
2. Ongoing participation in an interscholastic athletic program (student must be in the 11th or 12th grade);
3. Enrollment in academic classes that are required for admission to an institution of higher learning (student must be in the 11th or 12th grade); or
4. Enrollment in academic classes that are required for graduation from high school, provided that failure to take such classes will result in the student being unable to graduate (student must be in the 11th or 12th grade).

A student who is eligible for special education may be excused from physical education courses pursuant to 7:260, *Exemption from Physical Education*.

Volunteer service credit. A student participating in the District's Volunteer Service Credit Program, if any, may earn credit toward graduation for the performance of community service. The amount of credit given for program participation shall not exceed that given for completion of one semester of language arts, math, science, or social studies.

Re-Entering Students

Individuals younger than 21 years of age may re-enter high school to acquire a high school diploma or an equivalency certificate, subject to the limitations in Board policy 7:50, *School Admissions and Student Transfers To and From Non-District Schools*. Re-entering students may obtain credit through the successful completion of the following (not all of these may be available at any one time):

1. District courses
2. Non-District experiences described in this policy
3. Classes in a program established under Section 10-22.20 of the School Code, in accordance with the standards established by the Illinois Community College Board
4. Proficiency testing, correspondence courses, life experiences, and other nonformal educational endeavors
5. Military service, provided the individual making the request has a recommendation from the American Council on Education

The provisions in the section **Credit for Non-District Experiences**, above, apply to the receipt of credit for any non-District course.

High School Credit for Students in Grade 7 or 8

The Superintendent or designee may investigate, coordinate, and implement a program for students in grades 7 and 8 to enroll in a course required for a high school diploma.

If a program is available, students in grades 7 and 8 may enroll in a course required for a high school diploma when the course is offered by the high school that the elementary student would attend and either of the following is satisfied: (1) the student participates in the course at the high school and the elementary student's enrollment in the course would not prevent a high school student from being able to enroll, or (2) the student participates in the course where the student attends school as long as the course is taught by a teacher who holds a professional educator license with an endorsement for the grade level and content area of the course, follows CHSD 117 curriculum and assessments, and shares student data with the high schools.

A student who successfully completes a course required for a high school diploma while in grades 7 and 8 shall receive academic credit for the course. That academic credit shall satisfy the requirements of Section 27-22 of the School Code for purposes of receiving a high school diploma, unless evidence about the course's rigor and content show that the course did not address the relevant Illinois learning standard at the level appropriate for the high school grade during which the course is usually taken. The student's grade in the course shall also be included in the student's grade point average.

High School Credit for Proficiency

Proficiency Credits

Subject to the limitations in this policy and State law, the Superintendent is authorized to establish and approve a program for granting credit for proficiency with the goal of allowing a student who would not benefit from a course because the student is proficient in the subject area to receive credit without having to take the course. A student who demonstrates competency under this program will receive course credit for the applicable course and be excused from any requirement to take the course as a graduation prerequisite. No letter grade will be given for purposes of the student's cumulative grade point average. The Superintendent or designee shall notify students of the availability of and requirements for receiving proficiency credit.

Proficiency credit will be offered in the following subject areas:

Foreign language - A student is eligible to receive one year of foreign language credit if the student has graduated from an accredited elementary school and can demonstrate proficiency, according to this District's academic criteria, in a language other than English. A student who demonstrates proficiency in American Sign Language is deemed proficient in a foreign language and will receive one year of foreign language credit. A student who studied a foreign language in an approved ethnic school program is eligible to receive appropriate credit according to the level of proficiency reached; the student may be required to take a proficiency examination.

Other proficiency testing - The program for granting credit for proficiency may allow, as the Superintendent deems appropriate, course credit to be awarded on the basis of a local examination to a student who has achieved the necessary proficiency through independent study or work taken in or through another institution. Proficiency testing may also be used to determine eligible credit for other subjects whenever students enter from non-graded schools, non-recognized or non-accredited schools, or were in a home-schooling program.

High School Course Credit for Students in 7th and 8th Grades

The Superintendent or designee may investigate, coordinate, and implement a program for students in grades 7 and 8 to enroll in a course required for a high school diploma.

Students in grades 7 and 8 from elementary schools sending students to District 117 high schools may enroll in a course required for a high school diploma when: (1) the course is offered by the high school that the elementary student would attend, (2) the student participates in the course at the high school, and (3) the student's enrollment in the course would not prevent a high school student from being able to enroll.

The Superintendent or designee will coordinate with the cooperating elementary school district superintendent to implement a schedule that meets the State law requirements for providing such students the opportunity to enroll in a course required for a high school diploma where they attend school.

A student who successfully completes a course required for a high school diploma while in grades 7 and 8 shall receive academic credit from the Board. That academic credit shall satisfy the requirements of Section 27-22 of the School Code for purposes of receiving a high school diploma, unless evidence about the course's rigor and content show that the course did not address the relevant Illinois learning standard at the level appropriate for the high school grade during which the course is usually taken. The student's grade in the course shall also be included in the student's high school grade point average, calculated in accordance with Board policy.

Student Testing and Assessment Program

The District student assessment program provides information for determining individual student achievement and instructional needs; curriculum and instruction effectiveness; and school performance measured against District student learning objectives and statewide norms.

The Superintendent or designee shall manage the student assessment program that, at a minimum:

1. Administers the State assessment system, known as the *Partnership for Assessment of Readiness for College and Careers* (PARCC), to all students and/or any other appropriate assessment methods and instruments, including norm and criterion-referenced achievement tests, aptitude tests, proficiency tests, and teacher-developed tests.
2. Informs students of the timelines and procedures applicable to their participation in every State assessment.
3. Provides each student's parents/guardians with the results or scores of each State assessment and an evaluation of the student's progress. See policy 6:280, *Grading and Promotion*.
4. Utilizes professional testing practices.

Overall student assessment data on tests required by State law will be aggregated by the District and reported, along with other information, on the District's annual report card. All reliable assessments administered by the District and scored by entities outside of the District must be (1) reported to ISBE on its form by the 30th day of each school year, and (2) made publicly available to parents and guardians of students. Board policy 7:340, *Student Records*, and its implementing procedures govern recordkeeping and access issues.
