July 16, 2019

Dear CHSD 117-Bound 8th Grade Parents/Guardians,

In an effort to assist us in gaining a clearer understanding regarding the academic preparedness of our future graduates, Community High School District 117 is requesting that future freshmen take the PSAT 8/9 assessment as part of College Board's suite of assessments. This assessment will be administered at **Lakes Community High School on Saturday, October 19, 2019**. Students should report to LCHS by 7:30 a.m. on this date. Testing should be completed at approximately 11:15 a.m.

For this assessment, all students will need a #2 pencil and a calculator.

Accommodations for this assessment will be universally offered. If your student would like to take advantage of extended time (time and a half), please contact Ms. Jori Bown (info listed below) to secure a seat in an extended time testing room. This request must be made by October 4, 2019. The extended test should end at approximately 12:30 p.m. Students taking the extended time test may bring a lunch with them on testing day.

The PSAT 8/9 test is part of a series of nationally-normed assessments that culminates with the SAT test. The SAT is required of all juniors in the state of Illinois and is administered in April. It is also an entrance requirement for many colleges/universities.

District 117 will be using information from the PSAT 8/9 test as one data point in the placement of students into the appropriate classes when they register for high school (February, 2020). Additionally, PSAT 8/9, in conjunction with the subsequent assessments, provide a complete set of longitudinal data for the district to measure student growth and assess its curriculum. Finally, results from this assessment will help the district better prepare students for the SAT.

We are confident in our decision to adopt PSAT 8/9 as part of the CHSD117 Assessment Program and look forward to the information that the results will provide to our students, parents/guardians, and schools.

Please direct any questions to your future high school's coordinator for this assessment, listed below. We welcome the opportunity to assist you in any way and look forward to your student becoming part of our CHSD117 family next year!

Sincerely,

Jori Bowen
Assistant Principal for Curriculum & Instruction
